Bring your business clothing, shoes, handbags and accessories for donation to support Arizona Women's Education & Employment.

You're Invited!

Join hosts Amy Fowler from Lewis & Fowler and Jennifer Spade from Computer Sciences Corporation for the third annual Women in Leadership event, sponsored by Microsoft.

- **Keynote Speaker:** Susan Cordts, President and CEO of Adaptive Technologies, Inc.
- **Panelists:** Maura Shaffer, Vice President of E-Business for Honeywell Aerospace, Customer & Product Support; Pat Little-Upah, CEO of Banner Behavioral Health Hospital-Scottsdale; and Shelly Esque, Global Director of Corporate Affairs, Intel Corporation.

Enjoy appetizers, desserts and cocktails as well as a great opportunity to network with other women in leadership.

Susan Cordts
President and CEO, Adaptive Technologies, Inc.

Susan Cordts heads up an insightful organization that empowers business leaders through advanced science and technology to make better decisions. Ms. Cordts drives ATi's overall strategy of providing customized predictive analytics and business intelligence solutions to their clients so they can maximize customer value, reduce risk and maintain a distinct competitive advantage. She provides the visionary management and operational oversight to ATi's global enterprise headquartered in Phoenix, Arizona. Under her leadership, ATi has continually surpassed their growth objectives. Susan's extensive leadership experience spans across industries from healthcare to technology. She received her AD in Nursing and BA in Marketing from Midwestern State University and a Masters in International Management from Thunderbird, The Garvin School of International Management.
